

**Tech to Teaching – Foundation Level Pathways Matrix
2018-2019**

The Tech to Teaching certificate is comprised of two phases, a foundation content level and a teaching capstone. The foundation level is organized around 10 learning outcomes, which participants can achieve through academic courses or through an individualized pathway. After attending a workshop or completing an on-line learning resource, participants submit the evidence of learning assignment on T-square to be reviewed by CTL faculty. When participants finish a course (on campus or the CIRTL MOOC), they automatically receive credit for that learning outcome. Participants need to earn ONLY ONE learning outcome in each column. The rows in this matrix provide the various options from which participants can choose to satisfy each outcome.

The following options to satisfy the foundation level are available on campus at Georgia Tech.

In addition to the on-campus options, Tech to Teaching participants have access to a variety of on-line resources to satisfy foundation-level learning outcomes.

The Center for the Integration of Research, Teaching and Learning (CIRTL) provides courses, workshops, and presentations on a variety of teaching and learning topics. Some of these satisfy learning outcomes for Tech to Teaching. Register for free access at CIRTL.net to access the direct links below. Georgia Tech also maintains free access to Lynda at Lynda.gatech.edu. Sign in with your Georgia Tech credentials for access to the teaching and learning resources listed here.

Tech to Teaching Capstone

After the foundation level is complete, participants enroll in the Tech to Teaching Capstone. The capstone can be completed as a co-instructor or instructor of record, and may be completed for credit (CETL 8715 or CETL 8719) or not-for-credit. Participants complete the [Tech to Teaching Capstone Application](#) to enroll.
